OUR EMPHASIS

QUALITY

At ITSL, quality drives everything we do. Our expert team uses advanced technology and strict industry standards to deliver accurate, reliable inspection results. With continuous improvement and attention to detail, we provide trusted insights you can count on. Partner with us for inspections that meet the highest standards.

SAFETY

At ITSL, safety comes first. We conduct thorough risk assessments, strictly follow industry standards like Occupational Safety and Health Administration (OSHA) and American Petroleum Institute (API), and provide continuous safety training. With advanced technology and a strong safety culture, we deliver secure, reliable inspection services. Choose ITSL for safety you can trust.

OUR ASPIRATIONS

OUR VISION

Our vision is to lead the inspection services industry by delivering unmatched accuracy, efficiency, and innovation. We aspire to set the standard for safety and excellence across all sectors we serve, ensuring peace of mind and trust in every inspection we conduct.

OUR MISSION

- "To provide comprehensive, reliable, and timely inspection services that exceed client expectations. Through our dedication to quality, integrity, and continuous improvement, we aim to safeguard assets, mitigate risks, and contribute to the success of our clients and partners across various industries."
- To deliver the world class projects for our clients across the globe with zero quality defects.

WHY US....

- **Focused and Experienced Management Team**
- **Well Structured Organization – Externally Focused**
- **Qualified and Experienced Resources in all disciplines**
- **Proficient Project Management Team working in All Time Zones – Ensuring prompt responses to our clients**
- **A consolidated hub providing an assortment of services and resources within the group, all conveniently located in one place**
- **Experienced Technical Review team**
- **Wide Network – 500+ Locations in 65+ Countries**

SERVICES

Inspection Services

- Our streamlined Inspection services deliver thorough planning, precise inspections, and detailed reporting to guarantee adherence to standards and specifications. Trust us to ensure your projects meet regulatory requirements and maintain high-quality standards efficiently.

Expediting Services

- We offer expediting services that streamline the supply chain process by closely monitoring and expediting critical deliveries, ensuring adherence to schedules, and mitigating potential delays. Our proactive approach facilitates smooth project execution and minimizes disruptions.

Vendor Assessments

- Our comprehensive vendor assessment services ensure meticulous evaluation based on critical criteria such as financial stability, product quality, and service reliability. Through rigorous processes including RFP analysis, site visits, and in-depth interviews, we identify partners who meet your specific needs and standards. Trust us to mitigate risks, optimize costs, and facilitate robust business relationships with confidence.

In-coming material Inspections

- Our rigorous inspections verify materials meet specifications, ensuring consistent quality and reliability in your production processes. Trust us to streamline your supply chain and uphold high standards from the moment materials arrive.

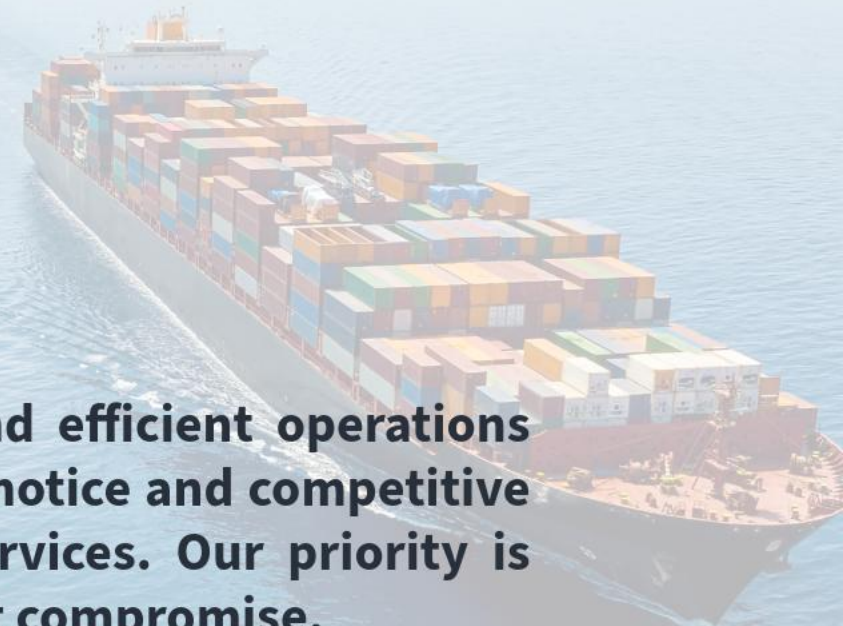

Pre-Shipment Inspections

- Our Pre-Shipment Inspection services involve comprehensive checks on goods, products, or materials before shipment. We verify conformity to specifications, quality standards, and contractual requirements, mitigating risks associated with receiving subpar products.

Marine Surveys

- Our competent surveyors ensure safe and efficient operations worldwide, including in India. With short notice and competitive pricing, we deliver reliable surveying services. Our priority is safety, ensuring secure operations without compromise.

A low-angle photograph of two construction workers on a steep, blue metal roof. They are wearing blue work clothes, yellow hard hats, and safety harnesses with red straps. One worker is holding a hammer. The background is a clear blue sky.

HSE policy is core of our business.

- **STANDARD OF BUSINESS CONDUCT**
- **DRUG AND ALCOHOL**
- **HARASSMENT AND DISCRIMINATION**
- **CONFLICT OF INTEREST**
- **ANTI BRIBERY**
